

Title	Lead in Paint Chips
Specimen Requirements	<p>See ASTM Practice E1729 - 05 and/or pertinent HUD publications for specific sampling requirements.</p> <p>Samples are accepted ONLY from Divisions of the Indiana State Department of Health, State Government Agencies or from County Health Departments.</p> <p>Questions: Contact Mary Hagerman, mhagerma@isdh.in.gov or 317-921-5553</p>
Sampling Materials	Submit samples in a re-sealable plastic sample container such as a Ziploc plastic bag.
Procedural Notes	<p>There are at least five general requirements possessed by a good paint chip sample.</p> <p>a.It represents accurately the paint coating in its sampling area.</p> <p>b.It contains all layers present on the substrate.</p> <p>c.It is as free from adhering substrate as is practicable.</p> <p>d.It is sufficiently large to permit several analyses; the minimum sample size is 2 grams for this requirement.</p> <p>e.It is identified by a number unique in its sample group or location, especially if dust wipes or soil samples are submitted also. Simple numbering is best.</p> <p>Include a completed Paint Chip Sample Submission Form. Record any deviations from this sampling procedure. Blank forms may be obtained from the Laboratory.</p>
Shipping Instructions	<p>Place bag(s) containing sample(s) in an appropriate shipping container. Bring / Ship to:</p> <p>Indiana State Department of Health Laboratories Environmental Lead Laboratory 550 West 16th Street, Suite B Indianapolis, IN 46202-2218</p>
Reporting and TAT	From date of receipt, routine samples will be reported in 10 business days and rush samples will be reported in 4 business days.
